

Integrated Management System - Manual		
Issue - B	Issue Date – 03/01/2006	Document Reference – IM1
Title – Environmental Policy (From IMS Manual)		

Environmental Policy Statement

GripplE Ltd. design and assemble wire joining and tensioning devices, tensioning tools, suspending kits and anchoring kits based on GripplE products. We recognise that our activities have the potential to impact the environment and therefore we have a responsibility to manage these impacts on the environment.

GripplE is committed to-

- Identifying all our environmental risks and managing their significant impacts on the environment;
- Reducing waste, utility and resource use where possible;
- Preventing pollution;
- Complying with all applicable environmental legislation, codes of practice and any other requirements to which GripplE subscribes;
- Continual improvement to deliver improved overall environmental performance.

GripplE will achieve these commitments by-

- Establishing an Environmental Management System (EMS) to the specifications outlined in the international standard ISO 14001
- Setting and reviewing environmental objectives, targets and management programmes;
- Implementing an internal audit programme to measure compliance with our planned EMS arrangements and the requirements of ISO 14001
- Providing training for all personnel working for and on behalf of GripplE, including contractors to ensure they are aware of the requirements of this environmental policy statement, how their activities can impact on the environment and their EMS responsibilities.

This policy is publicly available on demand.

Signed.....

Chris Middleton
