GCS (Above Mount / Racked)

Versatile pipe clamp solution, replacing 11 pipe hanger sizes in one product, designed for use with standard strut channel profiles to secure up to 9" OD piping systems (inc. insulation) in multiple mechanical and plumbing applications.

FEATURES / BENEFITS

Quick – simple and secure attachment to channel with a 3/16" / 5 mm hex key **Universal** – secures up to 9" OD piping systems, eliminating the need to stock multiple pipe clamps

Versatile – suitable for mechanical piping and plumbing applications including HVAC refrigerant piping, VRF systems, medical gas and domestic water

Strong - can be used to rack piping (refer to strut manufacturer for point loads)

 ${\ensuremath{\textbf{Robust}}}$ – secure fit to strut using the hex key allows safe transit of pre-built racks from off-site prefabrication shop to job site

Safe – stainless steel securing strap with non-conductive coating to prevent galvanic corrosion between dissimilar metals

SUBMITTAL INFORMATION

Load Rating:

Safe Working Load: 850 lbs / 385 kg (3:1 safety factor) Refer to strut manufacturer for bracket load capacity

Material:

Housing – ZA2 Zinc Cover – 30% glass filled PP Rubber Pad – EDPM Wedge – Sintered steel hardened to min 50 Rockwell C Spring Release Cartridge: Acetal Locking Screw: Type ZA2 zinc Strap: Stainless steel with non-conductive coating

Approvals:

UL listed UL2239 – Hardware for the support of conduit, tubing & cable – project file E251132 UL listed UL2043 – Plenum rating ICC-PMG-1320 - Pipe Support & Hanging System
