

# Angel Feet

The Angel is now even more versatile with a wide range of feet available to suit your application.

## Mini Helix

- The helical screw binds layers of polyester fibre to form a strong anchoring point
- Tilt to one side, acting as a lever for even easier insertion
- Press the Angel wings to easily release the wire for height adjustment
- Swivel up to 45 degrees to avoid existing services or suspend circular panels (always consider reduction in SWL when hanging at angles)
