

Vibration Dampener (VDP)

Accessory

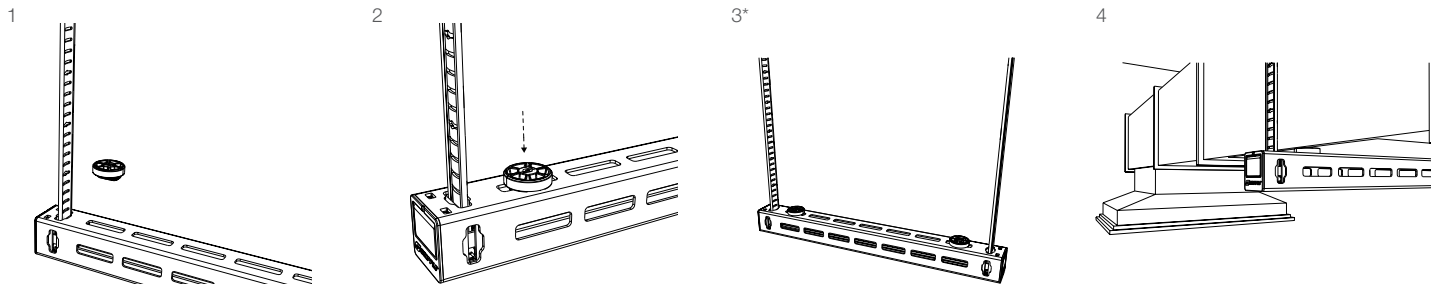

The Vibration Dampener Pad (VDP) is designed for vibration reduction when installing rectangular ductwork on Gripple Fast Trak™ and Universal Brackets.

FEATURES / BENEFITS

- **Effective** – vibration reduction of up to 68 Hz*
- **Secure** – prevents slipping of ductwork
- **Easy** – made of rubber, no tools required
- **Quick** – installs in seconds
- **Versatile** – fits into multiple Gripple brackets preventing direct contact between the duct and the brackets

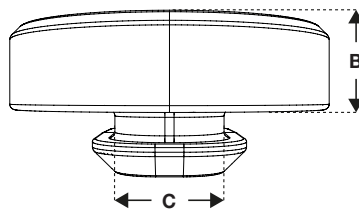

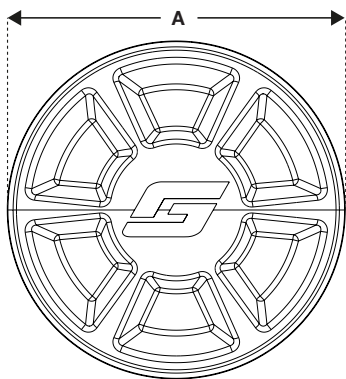

INSTALLATION & ADJUSTMENT

* One pad per 5 7/8" / 150 mm

SPECIFICATION

Dimension	Size	
	Inches	mm
